

Mr. Mario Amendarez
A&M Construction & Roofing

Dear Mario,

Thank you for your recent work on our home.

As you know, we've had roof repairs done several times. It's easy to find a roofer who will throw shingles and some extra flashing on the roof, but we needed someone who would take the extra time and effort to investigate our issue and make permanent repairs. The repairs we needed involved more than just roofing, but required interior sheetrock, window, and stone work. We are so grateful that you took the time and dug deep to find out the root cause of our issues and fixed them even though they weren't what any of us expected. It was clear from the beginning that you were interested in fixing an issue that we had become very frustrated with. We felt like we had a partner in our home repairs.

Thank you for your skilled workmanship, your integrity, and your perseverance. You will be our first call for any future roofing work.

Thanks again,

Todd Frederick
